MEET OUR MISSIONARIES JONATHAN, AARON & ELIJAH POULIN – PERU

Johnmichael Poulin, his wife, Angela, and their three boys: Jonathan, Aaron, and Elijah serve the Lord in Peru. This week we want to introduce you to their family. Each day we will introduce you to a member of the Poulin family and share with you how they are choosing to serve.

DAY 3

Meet the Poulin boys. Jonathan is Johnmichael and Angela's oldest son. He is 18 years old. Aaron is 17, and he is their middle son. Elijah is the youngest son at 16 years of age. They are involved in several activities in order to interact with new people and share the gospel with them. The Poulin Boys also help Johnmichael with a baseball league where they train and play baseball with the Peruvians. Through this ministry, many of the players have come to church and to know Christ.

Even though they are home schooled, the boys still go to the public school to invite kids to their church. Jonathan, Aaron, and Elijah live their lives with the mission-minded goal of meeting new people and sharing the gospel with them. They share Jesus wherever they go, including with the taxi drivers they come in contact with! Jonathan and Aaron both mentor kids in their age group, making disciples to further the kingdom. Elijah leads worship at their church in Ica. Will you pray for the Poulin boys, as they continue to minister to their circle of influence in Peru?
